

# Sustainable Global Competence in Swiss Higher Education

Save the date: 15 & 16 May, 2025  
in Lugano

Marking the end of our Movetia-funded project *Developing a Sustainable Global Competence Certificate in Switzerland*, the Swiss Global Competence Lab is excited to host an international symposium entitled *Sustainable Global Competence in Swiss Higher Education* on 15 & 16 May, 2025, at SUPSI campus in Lugano. The symposium will bring together various stakeholders within higher education to explore the following topics related to global competence development: theoretical knowledge, multilingual competence, and international exposure. We invite you to join us for an engaging event filled with plenary sessions, roundtable and panel discussions. Your participation will be invaluable as we work together to shape the future of global competence in higher education.
